

7.3.1 BEST PRACTICES :

Shri. Purshottamdas Laldas College of Arts & Commerce, Chinchani

Title of the Practice : 1. Conservation of Nature

Objectives of the Practice Institute adopted Conservation of Nature as its best Practice from last many years.

Principles : 1. To make habitual to students to Conserve the Nature with self implementation.

2. To create awareness of Green practices in nearby area people through different programs. The

Context : Chinchani has got one of the best natural, beautiful, and non-polluted sea-beach on the west coast. Nearby local area people are unaware regarding the preservation of it.

Institute with various ways such as Clean Beach Movement. To maximize use of natural resources and minimize use of artificial resources. Roofing Fan (Wind blowers) makes impacts on air and cooling in class rooms.

The Practice: Conservation of Nature is the Theme of our practice. Institute keeping faith in efforts of human being in conservation of Nature and to create awareness in the students, various programs and activities are been organised.

Every year College organizing Swachhata Abhiyan – Swachhata Pakhawada - In it Institute organizing the following activities

1. Activity of Cleanliness in Institute premises.

2. Cleanliness of Sea Shore.

3. Tree Plantation with Collaboration of nearby NGO's, Industry and clubs

4. Limited use of Electricity by use of natural light and wind in classrooms.

5. Use of Bore well water.

6. Conserved the trees of SURU and Ketki which maintain soil erosion. Raising more trees by plantation programs.

People can make valuable contributions by limiting the use of the paper. Limiting the use of vehicles as many students commuted to the Institute by walking option.

Limitations to the activities : Institute has to organize the above mentioned activities through framework of University of Mumbai through its extra curricular activities departments such as NSS, NCC Heavy rainfall in the area makes the scene critical. Lack of knowledge and importance of Conservation of Nature in nearby local area makes the scene complicated. Evidence of Success: 1. Activity of Cleanliness in Institute premises.

2. Cleanliness of Sea Shore – NSS, DLLE, NCC girls units, boys units participated in the activity and sea shore is cleaned. Problems encountered and resources required : In cleanliness activities 100% students can not participated due to their other activities and schedules. All students cannot get exposure of the activities. Though the sea shore is cleaned by the students, as it is a natural soil it is again become unclean as per every tide of waves. And other people are not that much awared to keep the coast clean. Tree plantation programs got success in initial period. When water levels goes down, it would not possible to alive them throughout the year and street animals makes problems to the growth of trees. Cloth bags creation and distribution program got success, but it again depend on transmittable habits of people to whom to avoid plastic bags.

To fulfill various Government orders and Circulars, Institute is abide work on it through the programs. This Circulars is a form of Reminders to the civilize person to stick to the core values of life that is sustain the nature for the future. It's a need of Institute to teach and train to the students for sustain and develop the Nature.

2. Title of the Practice :Women Empowerment – Chinchani is the area where by profession people mainly people working in 1. Dies making and production of metal parts and components. 2. Fishery 3. Agriculture 4. Other economic activities such as shopkeeping, 5. service in MIDC- Tarapur etc.

Objectives of the Practice :

1. Creating and Developing a sense of self-worth, a belief in one's ability to secure desired changes and the right to control one's life.
2. Acquiring knowledge and understanding of gender relations and Ensuring women's participation in all walks of life.
3. To create awareness of self existence and realizations that accelerate women's empowerment and have a real impact on the quality of life for women, men, families and communities;
4. Identify key actions to address the financing gap for women's empowerment; Elimination of discrimination and all forms of violence against women and girl child
- 5 Providing information, knowledge, skills for self-employment.

The Context : Women's Empowerment Efforts to realize the full identity and power in all spheres of life Institute have been made efforts on a regular basis across the area and in the Institution. Institute organizing programs viewing not only empowerment in the economic sense but also for issues of health, education, literacy etc. In context of women, empowerment essentially refers to a feeling of awareness of one's own situation backed up with the knowledge, skills and information which could enable women to gain higher self esteem and facilitate their role as decision makers in the current patriarchal society where women have always been subordinate to men.

The Practice: Empowerment of Women by all means and ways . It has been analyze that ultimately the implementation of activities of Women empowerment like Appeal – Educate and Train for awareness of Health, Financial literacy, Entrepreneurship -Honor- Retain in a cyclical way. Women Development Cell of University of Mumbai imposed various activities to the affiliated Institutes to uplift the women status. Empowerment includes the action of raising the status of women through education, raising awareness, literacy, and training, self earning etc. Women's empowerment is all about equipping and allowing women to make life-determining decisions through studying the different problems in society.

It has been observed that women feel happy and satisfied in the situation given to them to live. They can not recognize the changing scenario of equality. Every program creates first stage of empowerment that is creating awareness. Most of our programs revolve around income and credit without hitting the social structures we are in.

Institute has organized activities which make aware to the female parents towards digital literacy and financial literacy through its programs.

Evidence of Success : Each program is having its own success as the students reflects their confidence and trust. Women parents felt confident requirement for their wards and their performances.

In collaboration with(if any)	Ambition learning solution & Department of Management Studies
Class of participant	SYBMS, SYBA
No. of participants	23
Name of the Expert with designation	DEEPTI M.G.
Contact no and address of the expert	
Objective of the event	<p>Women who are financially literate gain more confidence in their own decision-making</p> <p>Women can help deal with rising costs of living and inflation if they are financially literate.</p> <p>Women tend to live longer than men, and thus they should have the knowledge to carry on their day-to-day affairs and manage finances.</p>
Outcome of the event	Financial literacy would help the women in making better financial decisions and helps in the utilization of financial products and services. It is very encouraging to see that today women are at par with men in all fields but when it comes to financial decision-making, they are still dependent on the male members of their family.
