Report on National level Workshop at IIT Pawai under E-Summit

Bsc.IT Department always motivates students to complete with global world. I Prof Ranjeeta Kapoor with 4 students were participated in the Three Days National Level Workshop (25th Jan 2018 to 28th Jan 2018) on 'Venture IOT' and 'Webpreneurship' at IIT Powai. I participated in the Webpreneurship Workshop and our four students were participated in the Venture IOT workshop at the same time. This workshop organised under E-Summit by Protrex LLP associated with IIT,Pawai. E-Summit is the famous yearly event. E-Summit, India's largest student entrepreneurial conclave. This annual affair, since its inception, has risen steadfastly in popularity, dedication, essentials and essence and promises to come with a bigger bang every next year. Thus, the 2018 E-Summit's line, 'A Zenith of Innovation'. Total 50 students in Venture IOT and 60 students in webpreneurship workshop were participated. Total Rs. 1200 was the changes for this workshop and 50% amount was granted from the P.L.Shroff College. It was 20 Hrs. programs. We also attended E-Summit at IIT Pawai. keynote sessions given by Ajit Balakrishnan (Rediff CEO), Rajat Nigam (Network 18), Shaishav Dharia (Lodha Group), and Supriya Paul (Josh Talks). Kunal Bahl (Snapdeal), Vishal Gondal (Goqli CEO), Lakshmi Pratury (INK Talks) shared their Founder's story while the Leadership Series showcased Mr. Sandeep Singh (Indian hockey team ex-Captain) in this E-Summit. Last day we attended their seminar. It was a great experience. There is also arranged exhibition, where new products and new entrepreneurs and new innovation showcased. We visited and covered most probably all the cell or product, it may be hardware or software or may be an idea. We also got how new idea made and how that can be live or implemented. After completed this event, our students made project model based on IOT. I also trained in the webpreneurship and knows how can be sell products online, how can be check details online and how a business can be expand online. We are fully satisfied with this event.

13th Avishkar Project Report 2018

Avishkar is a University project. Avishkar competition is organising every year to provide a platform for the youth from various universities to understand the research attitude and acquire the scientific knowledge thus transforming the cause of development. Avishkar also aims to educate students and teachers about their responsibility towards societal development.

The participants will demonstrate their innovative research skills and projects in fields as varied as engineering, science and technology, commerce, arts and humanities and agriculture.

I Prof. Ranjeeta Kapoor was the mentor and guide of TYBScIT students (Ms. Hemlata Prajapati and Sonali Chaudhary), attended Avishkar Zonal Level Event. Our two students were participated and presented their project as Poster Presentation in the 13th Avishkar Zonal level Competition at Sonpat Dandekar College, Palghar on 14th Dec. 2018. Their Project is "Vehicle Extortion Investigation."

Avishkar is a great platform for students across the Zonal/state to showcase their innovative ideas across streams.

We learn a lot from this project. We saw the excitement of our students, their confidants and knowledge also increased. We will motivate our students to participate such kind of projects.
