Sub: Permission to conduct event

Respected Madam,

I am writing this application on behalf of B.Sc.IT department. We are planning to conduct a **"Web Development Certification course"** in the month of July 2017.

Students of all streams will participate in this event.

We are requesting you to grant us permission to conduct this event in the IT Lab.

Why to attend our Courses?

- The idea is that sometimes you have to take a break from the “work” of your work to sharpen your skills. A dull axe won’t cut a tree nearly as effectively as a sharp one.
- Learn new information from the expert.
- Allow time for creativity by getting away from your daily routine and working “on” your domain instead of “in” your domain.
- Brainstorm your ideas and get immediate feedback.
- Hear the information you might know already but from a different angle from a different speaker so that you have an even better understanding of the topic
- Discover there’s more to know even if you think you knew it all.
- Learn something that changes your life (in a good way!)
- & because it’s fun...

What student will learn after attaining the Course?

- Get new product or service ideas by hearing about needs in your industry.
- Receive large volumes of usable content within a compressed amount of time.
- Intensive exposure to a topic through presentations and discussions led by experts.
- Confidence and motivation for rising and participating in different events that improves the personality of a student.
- Develop a connection that might help you with future employment.
